

Alternative Plan for Chief Whitecap Park

- This park is a treasure as a green belt for wildlife outside the City
- 1000+ park users want the park LEFT in its NATURAL STATE with NO FOOTPRINT
- The City Master Plan
- administrators would not consider alternatives to their current plan.
- Here is the alternative favoured by park users

Replant field with native grasses and trees

TransCanada Trail (ON-LEASH)

● Interpretive Node, honouring:

- WWII Vets at the Rifle Range
- Cyr, police dog
- Chief Whitecap statue (park namesake)
- Edgar John Day, original pioneer and settler of the land

- No central access to the park will prevent partiers and poachers
- Keep the park inclusive – no restrictions on who can go where

Recreational Off-Leash Organization
